Ohio 4-H Club Advisor Resources
Tips & Tricks for Meetings When You Can’t Meet (in person…)

This is a collection of information and resources you can use to connect with your club for the next few weeks. Please remember - all 4-H events, programs, and activities scheduled between now and April 20 will be held virtually, postponed, or cancelled.

- If you have a large club, hosting an online meeting will be a challenge. To make that more manageable, divide your club into smaller groups (project interest areas, ages, officer team, committees, randomly sorted into groups of 10-15) and then meet virtually.

- Create planning groups – fair booth ideas, service projects, fundraisers, future meeting themes.

- Become pen pals with a club in another town (visit another county’s website to find a list of clubs: countynam.e.osu.edu – look for “4-H Youth Development”).

- Have fun! Host a Facebook Live session and line dance.

- Write letters to seniors in a local care facility or a note of encouragement to health care professionals or first responders.

- Visit Project Central at projectcentral.osu.edu. Rate your 2019 project and explore projects for this year.

- Can you think of a creative fundraiser? Is there a local restaurant where club members could sell online gift cards and get a percentage of the sale?

- Use your tech-savvy teens. Let them coordinate online meetings, upload information for members, record a project demo.

- Visit YouTube for line dances, camp songs, project demos and games.

- Find the “Healthy Living Activity Guide” at https://4-h.org/about/inspire-kids-to-do/ with 30 hands-on activities.

- There are 60 kid-friendly activities in STEM, healthy living, crafting and more at https://4-h.org/about/inspire-kids-to-do/activity-guide/

- Here are two YouTube videos that walk NEW and RETURNING families through enrolling for 4-H on 4HOnline. (NOTE: Thanks to Hardin County Educator Amanda Raines for these videos. Hardin County is mentioned a few times, but the details work for everyone.)

- Hold practice interviews for project judging. It’s okay to use last year’s project or random questions just for the experience.

- Find more resources at go.osu.edu/4Hclubresources.
